GRAD ZAGREB

Veliko mi je zadovoljstvo pozdraviti sudionike i ljubitelje biciklizma povodom 11. izdanja CRO Racea, utrke koja je tijekom godina postala jedno od najvažnijih sportskih događanja u Hrvatskoj i prepoznatljivo ime svjetskog biciklizma.

Na hrvatskim su cestama nastupala brojna velika imena, među kojima su Tadej Pogačar, Primož Roglič, Vincezno Nibali i Jonas Vingegaard, koji su kasnije osvajali najveće svjetske utrke.

Osim pružanja velike sportske vrijednosti, CRO Race istodobno snažno promovira hrvatske destinacije, prirodnu i kulturnu baštinu te doprinosi razvoju sportskog turizma i cikloturizma, a ulaskom u UCI ProSeries dodatno potvrđuje svoju kvalitetu i međunarodnu ulogu.

Vlada Republike Hrvatske i Ministarstvo turizma i sporta nastavit će kontinuirano podržavati ovo događanje koje povezuje vrhunski sport, turističku promociju i razvoj Hrvatske.

Organizatorima želim novo uspješno izdanje ove utrke, a svim sudionicima puno sreće u natjecanju!

Tonči Glavina
Ministar turizma i sporta

Beyond its sporting significance, CRO Race plays an important role in showcasing Croatia's destinations, natural beauty and cultural heritage, while contributing to the development of sports tourism and cycling tourism. Its inclusion in the UCI ProSeries further underscores the race's quality and growing international status.

The Government of the Republic of Croatia and the Ministry of Tourism and Sport will continue to provide their support for this outstanding event, which brings together world-class sport, tourism promotion and Croatia's continued development.

I wish the organizers another successful edition of the race, and all participants the very best of luck in the competition!

Hrvatska turistička zajednica i ove je godine partner međunarodne biciklističke utrke CRO Race koja se tijekom proteklih godina profilirala kao jedno od najznačajnijih sportskih događanja u Hrvatskoj, ali i šire. Ujedno je riječ i o važnoj platformi za promociju naše zemlje na međunarodnoj razini. Tijekom utrke milijuni gledatelja diljem svijeta ponovno će imati priliku upoznati raznolikost hrvatskih krajolika, prirodnih ljepota, kulturne baštine i destinacija koje našu zemlju čine jedinstvenom.

CRO Race danas predstavlja mnogo više od sportskog spektakla. Status utrke u prestižnoj UCI ProSeries kategoriji potvrđuje njezinu međunarodnu relevantnost i privlači vrhunske biciklističke timove, sportaše i medije. Time CRO Race postaje još snažnija sportska pozornica za predstavljanje Hrvatske mnoštvu gledatelja diljem svijeta, promovirajući našu zemlju kao atraktivnu, blisku, sigurnu i održivu turističku destinaciju.

Posebno nas veseli što biciklizam i cikloturizam zauzimaju sve važnije mjesto u suvremenim turističkim trendovima. Danas velik broj putnika bira aktivan odmor, boravak u prirodi i iskustva koja omogućuju kvalitetnije upoznavanje destinacije. Pritom Hrvatska ima brojne prednosti: od razvedene obale i otoka do zelenih kontinentalnih krajeva, naši raznoliki krajolici i bogata mreža biciklističkih ruta pružaju izvrsne mogućnosti za razvoj održivog i cjelogodišnjeg turizma.

Hrvatska turistička zajednica kontinuirano ulaže u razvoj cikloturizma u suradnji s turističkim zajednicama, destinacijama i partnerima u Hrvatskoj i inozemstvu. Cilj nam je razvijati kvalitetne turističke proizvode koji pridonose ravnomjernijem turističkom razvoju svih hrvatskih regija i nude nove motive dolaska tijekom cijele godine.

Vjerujem kako će ovogodišnje izdanje CRO Racea još jednom potvrditi vrijednost sportskih događanja kao važnog pokretača promocije te dodatno učvrstiti poziciju Hrvatske na karti poželjnih destinacija za aktivni odmor. Svim natjecateljima želim puno uspjeha i sportskih ostvarenja, a organizatorima od srca čestitam na predanom radu i još jednoj vrhunskoj organizaciji utrke koja uspješno povezuje sport, turizam i promociju Hrvatske.

VLADIMIR MIHOLJEVIĆ
direktor utrke CRO Race

Cijenjeni partneri i sponzori, drage sugrađanke i sugrađani, ljubitelji biciklizma i sporta,

pred nama je jedanaesto izdanje utrke CRO Race, ali istodobno i početak jednog novog poglavlja naše utrke. Nakon deset izdanja tijekom kojih smo zajedno gradili projekt koji je postao prepoznatljiv daleko izvan granica Hrvatske, ove godine CRO Race prvi se put održava kao dio UCI ProSeries kategorije.

To je veliki iskorak za našu utrku, ali prije svega, priznanje svemu što smo zajednički stvarali tijekom proteklih godina. Podizanje kategorije utrke na višu razinu, odlukom Međunarodne biciklističke federacije (UCI) potvrda je kvalitetne organizacije, sportskog značaja utrke i njezina ugleda među najboljim svjetskim timovima, ali i dodatna obveza da nastavimo podizati standarde koje smo si postavili od samih početaka.

Kada smo krenuli u ovu priču, željeli smo u Hrvatsku dovesti vrhunski svjetski biciklizam, ali istodobno stvoriti događaj koji će biti mnogo više od samog sportskog natjecanja. Upravo je u tome posebnost CRO Racea. Na gotovo tisuću kilometara trase svake godine povezujemo različite krajeve naše zemlje, od obale i otoka do kontinentalne Hrvatske, prolazeći kroz gradove, općine i krajolike koji najbolje pokazuju njezinu raznolikost i ljepotu.

Biciklizam nam pritom pruža jedinstvenu mogućnost da sport i promociju destinacije spojimo u jednu priču. Dok se najbolji svjetski biciklisti bore za svaku sekundu na hrvatskim cestama, televizijska slika prenosi naše prirodne ljepote, kulturnu baštinu, gradove i mjesta publici diljem svijeta. CRO Race tako već godinama šalje jednu od najljepših razglednica Hrvatske i pokazuje koliko sport može biti snažan ambasador zemlje.

Ulaskom u UCI ProSeries ta priča dobiva novu dimenziju. Stepenica više u hijerarhiji svjetskog biciklizma jamči još snažniju međunarodnu poziciju i potvrđuje da je CRO Race tijekom svojih prvih deset izdanja izrastao u respektabilan sportski događaj. Posebno nas veseli što ćemo i ove godine na hrvatskim cestama ugostiti vrhunske svjetske timove i bicikliste te ljubiteljima sporta pružiti priliku da ih prate iz neposredne blizine.

Ipak, nijedan od tih uspjeha ne bi bio moguć bez ljudi i institucija koje su tijekom svih ovih godina podržavale našu viziju. Zato posebno zahvaljujem Vladi Republike Hrvatske, Ministarstvu turizma i sporta, Ministarstvu unutarnjih poslova, Hrvatskoj turističkoj zajednici, HEP-u, Gradu Zagrebu, svim našim partnerima i sponzorima. gradovima i općinama domaćinima te medijima koji projekt približavaju građanima Republike Hrvatske i ljudima na svim kontinentima. Jednako tako zahvaljujem svim službama, volonterima i ljudima uz trasu koji svojim angažmanom iz godine u godinu omogućuju da CRO Race bude organiziran na razini kakvu ovakav događaj zahtijeva.

Posebno mjesto u našoj priči i dalje pripada najmlađima. U okviru utrke Kids CRO Race želimo djeci približiti biciklizam, potaknuti ih na kretanje i zdrav način života te prenijeti vrijednosti koje sport nosi, a to su upornost, poštovanje, zajedništvo i želja za napretkom. Jer svaki veliki sportski projekt vrijedi još više ako iza sebe ostavlja nasljeđe generacijama koje dolaze.

Jedanaesto izdanje zato je za nas potvrda prijeđenog puta, ali i početak nove etape. CRO Race napravio je važan korak naprijed, ali njegova temeljna ideja ostaje ista: u vrhunskom sportu povezivati Hrvatsku, predstavljati svijetu ono najbolje što naša zemlja ima i stvarati događaj kojim svi zajedno možemo biti ponosni.

Hvala svima koji su dio te priče i koji nam već jedanaest godina pomažu da je razvijamo i podižemo na novu razinu.

Natjecateljima želim mnogo uspjeha i sigurnu vožnju, a svim gledateljima uz hrvatske ceste i pred malim ekranima mnogo uzbuđenja i nezaboravnih sportskih trenutaka uz CRO Race!

S poštovanjem,

Vladimir Miholjević
direktor utrke CRO Race

Dear partners and sponsors, dear fellow citizens, cycling and sports enthusiasts,

We are approaching the eleventh edition of CRO Race, while at the same time starting a new chapter in the history of our race. After ten editions during which we have worked together to build a project that has by now gained recognition far beyond Croatia's borders, this year CRO Race will, for the first time, be held as part of the UCI ProSeries category.

This is a major step forward for our race, but above all, it is the result of everything we have built together over the past years. Entering a higher tier of international cycling is confirmation of the quality of our organization, the sporting significance of the race and its standing among the world's top teams. At the same time, it brings an added responsibility to continue raising the standards we have set for ourselves from the very beginning.

When we embarked on this journey, our goal was to bring world-class cycling to Croatia while also creating an event that would be much more than a sporting competition. That is precisely what makes CRO Race unique. Every year, across almost 1000 kilometers of racing course, we connect different parts of our country, from the coast and islands to continental Croatia, passing through cities, towns and landscapes that showcase its diversity and beauty at their very best.

Cycling gives us a unique opportunity to combine sport and destination promotion into a single story. As the world's best cyclists battle for every second on Croatian roads, television coverage brings our natural beauty, cultural heritage, cities and towns to audiences around the world. In doing this, for many years now CRO Race has been sending one of the most beautiful postcards of Croatia and demonstrating just how powerful a country's ambassador sport can be.

With our entry into the UCI ProSeries, this story takes on a new dimension. Moving one step higher in the hierarchy of world cycling gives us an even stronger international position and confirms that, over its first ten editions, CRO Race has grown into a respected sporting event. We are particularly pleased that this year, too, we will welcome world-class teams and cyclists to Croatian roads and give sports fans the opportunity to see them up close.

Yet none of these achievements would have been possible without the people and institutions that have supported our vision throughout all these years. I would therefore like to give special thanks to the Government of the Republic of Croatia, the Ministry of Tourism and Sport, the Ministry of the Interior, the Croatian National Tourist Board, HEP, the City of Zagreb, all our partners and sponsors, as well as the host cities and municipalities. I would also like to thank all the services, volunteers and people along the route whose commitment makes it possible, year after year, to organise CRO Race to the high standards that an event of this scale demands.

The youngest participants continue to hold a special place in our story. Through Kids CRO Race, we want to introduce children to cycling, encourage them to stay active and embrace a healthy lifestyle, and pass on the values that sport represents: perseverance, respect, togetherness and the desire to improve. Because every major sporting project is even more valuable when it leaves a legacy for the generations to come.

The eleventh edition is therefore both confirmation of the journey we have travelled and the beginning of a new stage. CRO Race has taken an important step forward, but its fundamental idea remains the same: to connect Croatia through world-class sport, showcase the very best our country has to offer to audiences around the world, and create an event which we can all be proud of.

Thank you to everyone who is part of this story and who has helped us develop it and take it to a new level for eleven years now.

I wish all the competitors every success and a safe race, and all the spectators along Croatia's roads and watching from home plenty of excitement and unforgettable sporting moments with CRO Race!

Sincerely,

Vladimir Miholjević

SNOVI SE NASTAVLJAJU...

CRO RACE 2026

Prije jedanaest godina sve je počelo idejom. Idejom da hrvatskim cestama ponovno prođu najbolji svjetski biciklisti, da se vrhunski sport spoji s ljepotama zemlje i da Hrvatska dobije utrku koja će iz godine u godinu rasti zajedno s ljudima, gradovima i krajevima kroz koje prolazi.

Deset izdanja poslije, iza CRO Racea ostale su tisuće prijeđenih kilometara, stotine biciklista, deseci gradova domaćina i bezbroj sportskih trenutaka koji su postali dio povijesti utrke. Jubilarna deseta obljetnica bila je prilika da se taj put ispriča i u dokumentarnom filmu “Kilometri snova”.

No snovi ne završavaju kada se ostvare. Ponekad upravo tada počinje njihovo novo poglavlje.

Jedanaesti CRO Race zato donosi najveći iskorak u dosadašnjoj povijesti utrke. Od 22. do 27. rujna 2026. Hrvatska će ponovno postati pozornica vrhunskog svjetskog biciklizma, ali prvi put sa statusom utrke UCI ProSeries. Ulaskom u drugu najvišu kategoriju profesionalnog cestovnog biciklizma utrka CRO Race dobiva svoje mjesto među najpopularnijim utrkama na međunarodnoj biciklističkoj karti.

Viša kategorija donosi i najjači sastav momčadi u povijesti utrke. Na hrvatske ceste stižu neka od najvećih imena profesionalnog biciklizma, među njima, ekipe koje tijekom sezone gledamo na najvećim svjetskim utrkama. Upravo činjenica da će čak 12 momčadi koje su ove godine nastupile na Tour de Franceu biti dio CRO Racea najbolje govori koliko je velik korak napravljen od prvog izdanja do danas.

Ljepote Hrvatske kao pozornica

Gotovo tisuću kilometara hrvatskih cesta tijekom šest dana pretvara se u veliku sportsku pozornicu na otvorenom. Jedanaesto izdanje započinje u Splitu, odakle prva etapa vodi prema Segetu. Slijede Biograd na Moru i Novalja, zatim Krk i Labin, Pula i Rijeka te Karlovac i Sveta Nedelja, prije posljednjeg dana i završne etape od Samobora do Zagreba.

Šest etapa tako ponovno povezuje Jadran i kontinent, otoke i obalu, povijesne gradove i suvremena urbana središta. Njegove tribine su gradski trgovi, rive, ulice i ceste, njegovo igralište proteže se stotinama kilometara, a publika sportaše može dočekati pred vlastitim kućama. U nekoliko trenutaka televizijskog prijenosa kadar može prijeći s borbe za poziciju u pelotonu na more, otoke, vinograde, povijesne jezgre ili zelene krajolike hrvatske unutrašnjosti.

Zato CRO Race već godinama istodobno priča dvije priče.

Prva je ona sportska. Priča o sekundama, usponima, bijegovima, sprintovima, taktici i borbi za pobjedu. Druga je priča o Hrvatskoj.

Putem televizijskog prijenosa slike utrke i hrvatskih krajolika odlaze u 190 zemalja svijeta, pretvarajući svaki kilometar trase u priliku da se milijunima gledatelja predstavi zemlja kroz koju prolazi peloton. Malo koji sport pruža takvu mogućnost, da se natjecanje i destinacija sjedine u istom kadru.

Cestama kojima su prolazili najbolji

Tijekom proteklih deset izdanja tim su cestama prolazili neki od najboljih biciklista svoje generacije. Mark Cavendish, Vincenzo Nibali, Primož Roglič, Tadej Pogačar, Jonas Vingegaard, Adam Yates, Matej Mohorič, Elia Viviani, Jonathan Milan i brojna druga svjetski poznata imena ostavila su svoj trag na hrvatskim cestama. Neki su ovdje pobjeđivali, neki se pripremali za najveće svjetske izazove, a neki su upravo pred hrvatskom publikom pokazali zašto pripadaju samom vrhu svjetskog biciklizma.

Posljednje dvije godine obilježio je Brandon McNulty, koji je 2025. postao prvi biciklist s dvije ukupne pobjede na utrci CRO Race. Time je jubilarno deseto izdanje zaključeno završnicom dostojnom prvog desetljeća utrke i otvorilo prostor za novu eru.

Status UCI ProSeries znači veću sportsku vrijednost, snažniju međunarodnu konkurenciju i još veću vidljivost. Istodobno, on predstavlja priznanje organizacijskom timu i stotinama ljudi koji se svake godine nalaze iza kulisa utrke: od policije, službi i volontera do gradova domaćina, partnera i svih onih koji omogućuju da se gotovo tisuću kilometara duga sportska arena iz dana u dan sigurno seli Hrvatskom.

I dok se CRO Race penje stepenicu više u svjetskoj biciklističkoj hijerarhiji, jedna njegova ideja ostaje jednako važna kao i prvoga dana: približiti biciklizam ljudima.

Zato uz profesionalce ponovno voze i najmlađi. Utrka Kids CRO Race omogućava djeci da iskuse uzbuđenje natjecanja i naprave svoje prve biciklističke kilometre, ali i da možda prvi put požele jednoga dana biti među onima koje danas gledaju s druge strane zaštitne ograde. Pravi uspjeh velikog sportskog događaja ne mjeri se samo imenima na startnoj listi i pobjednicima na postolju, nego i tragom koji ostavlja nakon što posljednji biciklist prođe ciljem.

Prvih deset izdanja CRO Racea pokazalo je koliko daleko jedna ideja može stići.

Od utrke koja je željela dovesti svjetski biciklizam u Hrvatsku nastao je međunarodno prepoznat sportski događaj koji Hrvatsku svake godine predstavlja svjetskoj publici. Od prvih kilometara do ProSeriesa put nije bio ni kratak ni jednostavan, ali upravo je zato jedanaesto izdanje dokaz da vrijedi sanjati velike snove.

Od Splita do Zagreba, kroz šest etapa i gotovo tisuću novih kilometara, u rujnu počinje novo poglavlje ove priče.

THE DREAMS CONTINUE...

CRO RACE 2026

Some of the biggest names in professional cycling will take to Croatian roads, including teams that compete throughout the season in the world's biggest races. The fact that as many as 12 teams that competed in this year's Tour de France will be part of CRO Race is perhaps the clearest indication of just how far the race has come since its first edition.

Croatia's Natural Beauty as the Stage

Almost 1000 kilometers of Croatian roads will be transformed into a vast open-air sporting arena for six days. The eleventh edition will begin in Split, with the opening stage heading towards Seget. The race will then continue through Biograd na Moru and Novalja, followed by Krk and Labin, Pula and Rijeka, Karlovac and Sveta Nedelja, before the last day and the final stage from Samobor to Zagreb.

The six stages once again connect the Adriatic and the continental interior, islands and coastline, historic towns and modern urban centers. Its stands are town squares, waterfront promenades, streets and roads, its playing field stretches across hundreds of kilometers, while spectators can cheer on the cyclists right outside their own homes. In just a few seconds of television coverage, the camera can shift from the battle for a position in the peloton to views of the sea, islands, vineyards, historic town centers or the green landscapes of inland Croatia.

That is why CRO Race has been telling two stories at the same time for years.

The first is a sporting story. A story of seconds, climbs, breakaways, sprints, tactics and the fight for victory. The second is the story of Croatia.

Television coverage of the race and Croatia's landscapes reaches 190 countries around the world, turning every stretch of the route into an opportunity to showcase the country through which the peloton passes to millions of viewers. Few sports offer such a good opportunity to merge a competition and a destination together in a single frame.

On roads where the best have ridden

Over the past ten editions, these roads have welcomed some of the finest cyclists of their generation. Mark Cavendish, Vincenzo Nibali, Primož Roglič, Tadej Pogačar, Jonas Vingegaard, Adam Yates, Matej Mohorič, Elia Viviani, Jonathan Milan and many other major names have left their mark on Croatian roads. Some have won here, some have used the race to prepare for the biggest challenges in the sport, while others have shown the Croatian crowds why they belong at the very top of world cycling.

The past two editions have been defined by Brandon McNulty, who in 2025 became the first cyclist to win CRO Race overall twice. His achievement gave the tenth anniversary a fitting conclusion to the race's first decade and opened the door to a new era.

UCI ProSeries status means greater sporting significance, stronger international competition and even greater visibility. At the same time, it shows that the work of the organizational team and the hundreds of people working behind the scenes each year has been recognized: from the police, emergency services and volunteers to host cities, partners and everyone who makes it possible for an almost 1000-kilometer-long sporting arena to move safely across Croatia from one day to the next.

And while CRO Race climbs one step higher in the global cycling hierarchy, one of its founding ideas remains just as important as it was on day one: bringing cycling closer to people.

That is why the youngest riders will once again ride alongside the professionals. Kids CRO Race gives children the opportunity to experience the excitement of competition and cross their first cycling kilometers, while perhaps inspiring some of them to dream of one day becoming the riders they now watch from the other side of the barriers. Because the true success of a major sporting event is measured not only by the names on the start list and the winners on the podium, but also by the legacy it leaves behind after the final cyclist crosses the finish line.

The first ten editions of CRO Race have shown just how far a single idea can go.

What began as a race that wanted to bring world-class cycling to Croatia has grown into an internationally recognized sporting event that puts Croatia in front of the eyes of the world every year. The journey from the first kilometers to ProSeries status was neither short nor easy, but that is precisely why the eleventh edition proves that it is worth dreaming big.

From Split to Zagreb, across six stages and almost 1000 new kilometers, a new chapter of this story will begin in September.

Eleven years ago, it all started with an idea. An idea to bring the world's best cyclists back to Croatian roads, to combine professional sports with the beauty of the country, and to give Croatia a race that would grow year after year alongside the people, cities and regions through which it passes.

Ten editions later, the history of CRO Race boasts thousands of kilometers, hundreds of cyclists, dozens of host cities and countless unforgettable sporting moments. The tenth anniversary was an opportunity to tell that journey through the documentary film "Kilometri snova" (Kilometers of Dreams).

But dreams do not end when they come true. Sometimes, that is precisely where their next chapter begins.

The eleventh edition of CRO Race therefore marks the biggest step forward in the race's history to date. From 22 to 27 September 2026, Croatia will once again become the stage for world-class elite cycling, but for the first time with UCI ProSeries status. By entering the second-highest tier of professional road cycling, CRO Race has earned its spot among the most popular races on the international cycling calendar. This higher category also brings the strongest line-up of teams in the history of the race.

KIDS CRO RACE PONOVNO OKUPLJA NAJMLAĐE LJUBITELJE BICIKLIZMA

Već sedmu godinu zaredom utrka Kids CRO Race najmlađim biciklistima pruža priliku da osjete natjecateljski duh i budu dio biciklističkog spektakla koji spaja Hrvatsku s cijelim svijetom. Ovogodišnje izdanje održat će se u sedam gradova: Segetu, Novalji, Labinu, Rijeci, Svetoj Nedelji i Zagrebu. Mališani će se okušati u jedinstvenoj virtualnoj utrci koja ih vodi kroz različite uvjete i izazove s kojima se susreću i profesionalni biciklisti.

U vremenu kada djeca sve više slobodnog vremena provode uz ekrane, Kids CRO Race podsjeća koliko je važno potaknuti najmlađe da budu aktivni, druže se, zabave i da, baveći se sportom, nauče da se trud, upornost i odgovornost uvijek isplate. Na putu do cilja mali natjecatelji uče kako pobijediti, ali i kako pružiti ruku protivniku, poštovati druge i veseliti se zajedničkom uspjehu.

Da ova priča raste iz godine u godinu potvrđuje i podrška brojnih partnera. Kraš, TrainingPeaks, Elite i A2U ponovno su podržali projekt, dok roditelji i učitelji djeci daju dodatni vjetar u leđa svojim poticajem i glasnim navijanjem. Upravo zahvaljujući njihovoj podršci i entuzijazmu, Kids CRO Race odavno je više od dječjeg natjecanja, postao je mjesto susreta cijele zajednice, ispunjeno veseljem, navijanjem i onim najljepšim, iskrenim dječjim smijehom.

U svakom gradu bit će proglašeni mali pobjednici, dok će oni najuspješniji u ukupnom poretku, u Zagrebu stati na pozornicu uz pobjednika CRO Racea. Tako će djeca postati dio spektakla koji okuplja ljubitelje biciklizma iz cijelog svijeta. Vjerujemo da će im taj trenutak ostati u lijepom sjećanju još dugo nakon utrke, a možda upravo ovo iskustvo u nekom od njih probudi ljubav prema biciklizmu i sportu koja će trajati cijeli život.

KIDS CRO RACE BRINGS TOGETHER YOUNG CYCLING ENTHUSIASTS ONCE AGAIN

For the seventh year in a row, Kids CRO Race is giving young cyclists the opportunity to let out their competitive spirit and become part of a cycling spectacle that connects Croatia with the rest of the world. This year's edition will take place in seven cities: Seget, Novalja, Labin, Rijeka, Sveta Nedelja and Zagreb. The young participants will take on a unique virtual race that takes them through the various conditions and challenges faced by professional cyclists.

At a time when children are spending more and more of their free time in front of screens, Kids CRO Race is a reminder of how important it is to encourage young people to stay active, socialize, have fun and learn through sport that hard work, perseverance and responsibility always pay off. On their way to the finish line, the young competitors learn not only how to win, but also how to shake hands with their opponents, respect others and celebrate shared success.

The fact that this story continues to grow year after year is also reflected in the support of numerous partners. Kraš, Training Peaks, Elite and A2U are once again supporting the project, while parents and teachers give the children an extra boost through their encouragement and loud cheering. Thanks to their support and enthusiasm, Kids CRO Race has long been much more than a children's competition – it has become a place for the entire community to come together, a place filled with joy, cheering and the most beautiful, genuine sound of children's laughter.

Young winners will be announced in each city, while the most successful participants in the overall standings will take the stage in Zagreb alongside the winner of CRO Race. In this way, the children will become part of this spectacle that brings together cycling fans from all over the world. We believe that this moment will remain a cherished memory for the children long after the race, and perhaps this experience will spark in some of them a love of cycling and sport that will last a lifetime.

HEP

HEP - Prijatelj hrvatskog sporta

Kad tvrtka ima tako velik utjecaj na društvo kao što ima Hrvatska elektroprivreda, i kad društvo na različite načine snažno utječe na poslovanje HEP-a, brojna su dodirna područja u kojima se mogu partnerski provoditi projekti usmjereni na rast kvalitete života. Kao nacionalna kompanija, Hrvatska elektroprivreda je od svog osnutka usmjerena podržavanju i promociji hrvatske kulture i baštine, podizanju kvalitete života u zajednici te, posebno, pružanju podrške hrvatskom sportu. HEP vjeruje da sport, osim zdravog tijela, razvija i zdrav duh te da su sportaši svojim primjerom i rezultatima s pravom uzor mladim generacijama. Sport je ujedno najveći promotor Hrvatske, njenih ljudi i vrijednosti u svijetu, zbog čega HEP s ponosom već tradicionalno podupire brojne nacionalne sportske događaje, kao što je biciklistička utrka CRO Race.

HEP - a friend of Croatian sports

When a company has as great impact on society as Hrvatska elektroprivreda has, and when the society strongly influences HEP's operations in various ways, there are many areas in which projects aimed at increasing the quality of life can be implemented in partnership. As a national company, Hrvatska elektroprivreda has been focused since its establishment on supporting and promoting Croatian culture and heritage, raising the quality of life in the community and, in particular, providing support to Croatian sports. HEP believes that sport, in addition to a healthy body, also develops a healthy mind and that athletes, with their example and results, are a true role model for the younger generations. Sport is also the largest promoter of Croatia, its people and values in the world, which is why HEP is proud to traditionally support numerous national sporting events, such as the CRO Race cycling race.

TROFEJ KOJI PRIČA PRIČU O HRVATSKOJ:

U SIMBOLU POBJEDE SPOJILI SE BICIKLIZAM, UMJETNOST I HRVATSKA

Nakon više stotina prijeđenih kilometara i uspona, sprintova i borbe sa samim sobom, samo jedan biciklist podiže trofej namijenjen ukupnom pobjedniku utrke CRO Race. No, nagrada koju je osmislio hrvatski kipar Luka Krešimir Stipić nije samo potvrda sportskog rezultata. Svaki je od njezinih elementa simboličan, a u cjelini pričaju priču o biciklizmu, putu prema pobjedi i Hrvatskoj.

U središtu umjetničkog rješenja nalaze se dva elementa bez kojih je teško zamisliti bicikl: lanac i zupčanik. Stipić ih je iz njihove izvorne, mehaničke uloge pretvorio u simbole kretanja, ustrajnosti i pobjede.

Skulptura je sastavljena od dviju formi koje se međusobno isprepliću i stvaraju jedinstvenu cjelinu. Zupčanik je stiliziran s tri šiljka koji oblikuju krunu, jasan simbol pobjednika i krajnji cilj svakog sportaša koji stane na start utrke.

Prema toj kruni vodi lanac sastavljen od dvije i pol karike. Dok prva karika izlazi iz postamenta i uspinje se prema vrhu, posljednja ostaje otvorena, što je jedan od detalja koji trofeju dodaju novi značenjski sloj. Ona predstavlja ono što tek dolazi.

Put do pobjede, baš kao ni životni put, nije unaprijed određen. Svaka nova utrka donosi nove kilometre, prepreke i prilike, a tek se njihovim savladavanjem ispisuje konačan rezultat. Lanac tako postaje simbol životnog puta svakog biciklista koji se sastoji od treninga, odricanja, poraza, novih pokušaja i ustrajnosti koja ga korak po korak, odnosno okretaj po okretaj, vodi prema vrhu.

Od Brača do Slavonije

Trofej, međutim, ne govori samo o sportašu koji ga osvaja. U njega je doslovno ugrađena i Hrvatska. Postament trofeja izrađen je od bračkog kamena, a prepoznatljiv nacionalni simbol, sveprisutne „kockice“, krase i krunu koju će pobjednik ponijeti sa sobom kao uspomenu na Hrvatsku i CRO Race.

Ipak, značenje trofeja u konačnici pripada onome tko ga osvoji.

Za Stipića je bilo važno stvoriti nagradu koja neće predstavljati samo rezultat ostvaren na CRO Raceu, nego i sve ono što je tom rezultatu prethodilo. Iza trenutka u kojem pobjednik podiže trofej godine su treninga, odricanja, discipline, neuspjeha i ponovnih pokušaja.

„Želio bih da, prije svega, pobjednik bude ponosan što je uspio pobijediti i osvojiti ovaj trofej. Neka ga podsjeti na sve naporne treninge, prolivene suze i znoj, dane kada baš i nije išlo, a svejedno je ustrajao i borio se. Zbog toga je tu, na postolju, kao najbolji“, ističe Stipić. U trenutku proglašenja pobjednika sve Stipićeve ideje zaokružit će se u svojem konačnom značenju.

Trofej CRO Racea tako u rukama pobjednika postaje mnogo više od priznanja za ostvareni rezultat. Postaje trajni podsjetnik na put koji je do njega vodio i na Hrvatsku u kojoj je ta pobjeda ostvarena.

A TROPHY THAT TELLS THE STORY OF CROATIA:

CYCLING, ART AND CROATIA COME TOGETHER IN A SYMBOL OF VICTORY

After hundreds of kilometers, climbs, sprints and battles against themselves, only one cyclist gets to lift the trophy meant for the overall winner of CRO Race. Yet this trophy, designed by Croatian sculptor Luka Krešimir Stipić, is more than a recognition of sporting achievement. Each of its elements carries meaning, and together they tell a story of cycling, the path to victory, and Croatia.

At the core of the artistic concept are two elements without which it is hard to imagine a bicycle: the chain and the sprocket. Stipić has transformed them from their original mechanical functions into symbols of movement, perseverance and victory.

The sculpture consists of two forms that intertwine to create a unified whole. The sprocket is stylized with three points that form a crown, a clear symbol of victory and the end goal of every athlete who lines up at the start of a race.

Leading towards this crown is a chain made up of two and a half links. The first link emerges from the base and rises towards the top, while the final link remains open. This open link is one of the details that gives the trophy additional meaning. It represents what is yet to come.

The path to victory, same as the path through life, is not predetermined. Every new race brings new trails, obstacles and opportunities, and only by overcoming them is the final result set in stone. The chain therefore becomes a metaphor for every cyclist's journey, which is a journey made up of training, sacrifice, defeats, new attempts and the perseverance that leads them, step by step, or rather pedal stroke by pedal stroke, towards the top.

From Brač to Slavonia

The trophy, however, represents more than just the athlete who wins it. Croatia is literally built into it. The trophy's base is made of Brač stone, while the instantly recognizable national symbol, the ubiquitous red-and-white checkerboard pattern, also adorns the crown that the winner will take home as a lasting memento of Croatia and CRO Race.

Ultimately, however, the meaning of the trophy belongs to the one who earns it. For Stipić, it was important to create an award that would represent not only the result of the CRO Race, but also everything that came before it. Behind the moment when the winner raises the trophy lie years of training, sacrifice, discipline, failures and fresh attempts.

"Above all, I would like the winner to be proud of winning this trophy. May this trophy remind them of all the hard training sessions, the tears, the sweat, the days when things didn't really go their way, and yet they persevered and kept fighting – because that is why they are here, standing on the podium as the best," says Stipić. But when the winner is announced, all of Stipić's ideas acquire their final meaning.

In the hands of the winner, the CRO Race trophy thus becomes much more than an award for an achievement. It becomes a lasting reminder of the journey that led to it, and of the Croatia where that victory was achieved.

Split

Split je mediteranski grad snažnog identiteta, oblikovan morem, suncem, bogatom kulturnom baštinom i živahnim ritmom svakodnevnog života. U toj jedinstvenoj atmosferi sport zauzima posebno mjesto – nije samo aktivnost, nego način života koji se osjeća na svakom koraku. Od rekreacije do vrhunskih uspjeha, sport nadopunjuje karakter grada i u događanjima poput CRO Racea ispreplće se s tradicijom, potvrđujući Split kao destinaciju koja živi sport i nadahnjuje generacije

*

Split is a Mediterranean city with a strong identity, shaped by the sea, the sun, its rich cultural heritage, and the vibrant rhythm of everyday life. Within this unique atmosphere, sport holds a special place. It's not just an activity – it's a way of life that is felt throughout the city. From recreation to major achievements, sport complements the city's character and, during events such as the CRO Race, blends with tradition, affirming Split as a destination that lives through sport and inspires generations.

Veliko mi je zadovoljstvo što Split ponovno dočekuje sudionike međunarodne biciklističke utrke CRO Race. Time još jednom potvrđujemo da je Split grad koji uspješno organizira najveće međunarodne sportske, kulturne i turističke događaje te snažno promovira Hrvatsku i naš grad pred milijunskom publikom diljem svijeta. Veselim se još jednom vrhunskom izdanju utrke CRO Race u Splitu.

Tomislav Šuta
gradonačelnik Grada Splita

It is a great pleasure to welcome the participants of the CRO Race back to Split. Once again, we have shown that Split is a city capable of successfully hosting major international sporting, cultural and tourism events, showcasing both our city and Croatia to millions of viewers around the world. I look forward to another outstanding edition of the CRO Race in Split.

Tomislav Šuta
Mayor of Split

Još od prvog izdanja 2015. godine Splitsko-dalmatinska županija podupire CRO Race kao jednu od strateških sportsko-turističkih manifestacija. Iznimna nam je čast što ovogodišnje izdanje utrke starta u našoj županiji, predivnom Splitu, dok cilj prve etape u Segetu savršeno zaokružuje cijelu regiju u smislenu cjelinu. Kroz sve naše politike nastojimo stvoriti dodatan motiv dolaska gostiju i u zaobalje, potičući održivi turizam kroz promociju skrivenih ljepota Dalmatinske zagore. Višedimenzionalne prednosti ove utrke prepoznate su daleko šire od granica Lijepe naše, a nama je najdraža promocija sporta kod djece i mladih. Nadamo se nastavku suradnje i u godinama koje dolaze.

Blaženko Boban
župan Splitsko-dalmatinske županije

Ever since its inaugural edition in 2015, Split-Dalmatia County has supported the CRO Race as one of our strategic sports and tourism events. It is an exceptional honour that this year's race starts in our county, in beautiful Split, while the finish of the first stage in Seget perfectly rounds off the region as a meaningful whole. Across all our policies, we strive to create additional incentives for visitors to explore the hinterland, fostering sustainable tourism by promoting the hidden beauties of the Dalmatian Hinterland. The multidimensional benefits of this race have been recognised far beyond the borders of Croatia, and what we value most is the promotion of sport among children and young people.

We hope to continue this successful cooperation in the years to come.

Blaženko Boban
Prefect of Split-Dalmatia County

Splitsko-dalmatinska županija prostorno je najveća županija Hrvatske. Geografski je smještena na središnjem dijelu jadranske obale. Proteže se od Vrlike na sjeveru do najudaljenijeg hrvatskog otoka Palagruže na jugu, od Marine na zapadu do Vrgorca na istoku. Zbog geografskih značajki isprepliću se mediteranska i kontinentalna klima, a prostor je ugodan za život i pogodan za različite vrste poljoprivredne djelatnosti. Brojne prirodne ljepote privlače brojne goste, od obale sa stotinama otoka, otočića i hridi do planina i rijeka pogodnih za razne oblike aktivnog outdoor turizma.

Identitet Splitsko-dalmatinske županije skovan je kroz snažno povijesno nasljeđe, počevši od rimskih i srednjovjekovnih nalazišta i utvrda od kojih je najpoznatija Dioklecijanova palača kao jedan od najbolje sačuvanih spomenika rimskog graditeljstva, preko tradicijskih običaja i gastronomije što čini savršen spoj različitih utjecaja burne prošlosti ovog područja koja uključuje Rim, Mlečane, Austro-Ugarsku i Osmansko Carstvo. Savršen primjer „živog" spomenika predstavlja više od 300 godina održavana Sinjska alka, koja se od 2010. nalazi na popisu svjetske nematerijalne baštine UNESCO-a.

U kombinaciji i s bogatom ponudom suvremenih manifestacija, festivala i događanja, Splitsko-dalmatinska županija atraktivna je cjelogodišnja turistička destinacija te je ovaj prostor jedan od najprivlačnijih u Hrvatskoj i cijeloj Europi.

Split-Dalmatia County is Croatia's largest county by area, distinguished by its remarkable geographical diversity and cultural wealth. Located in the central part of the Adriatic coast, it stretches from Vrlika in the north to Palagruža, Croatia's most remote island, in the south, and from Marina in the west to Vrgorac in the east. This unique setting, where Mediterranean and continental climates intertwine, creates not only a pleasant environment for everyday life but also favourable conditions for various agricultural activities.

The county's many natural treasures are truly captivating. They range from a stunning coastline adorned with hundreds of islands, islets and reefs to majestic mountains and crystal-clear rivers, perfect for outdoor adventure and active tourism, offering endless opportunities for exploration and enjoyment.

Posebno nas veseli što CRO Race uključuje i najmlađe u obliku virtualne utrke na pametnim trenažerima jer se na taj način od najranije dobi potiče djecu na bavljenje sportom te im se približava ovo veliko sportsko događanje.

Ivo Sorić
načelnik Općine Seget

For the Municipality of Seget, CRO Race is of great importance, as it provides us with an opportunity to present our destination to a large international audience and further position ourselves as an attractive destination for active tourism. Thanks to the live television broadcast reaching as many as 190 countries, the beauty of Seget will be showcased to viewers around the world. In addition to its strong promotional value, the race also generates tangible economic benefits, particularly during the shoulder season, while further contributing to the occupancy of local accommodation capacities. We are especially pleased that CRO Race also engages the youngest participants through a virtual race on smart trainers, encouraging children to take up sports from an early age and making them a part of this major sporting event.

Ivo Sorić
Mayor of the Municipality of Seget

S velikim smo zadovoljstvom i ove godine domaćini vrhunske biciklističke utrke CRO Race, koja Splitsko-dalmatinsku županiju predstavlja kao destinaciju prekrasnih prirodnih krajolika idealnu za aktivnosti na otvorenom. Svakako nije riječ samo o sportskom natjecanju jer utrka spaja more i kopno, prolazi kroz pitoreskne dalmatinske gradove i otkriva bogatstvo kulturno-povijesnih znamenitosti. Svim natjecateljima i sudionicima želimo ugodan boravak u našoj županiji i uspješan završetak utrke.

Ivana Vladović
direktorica TZ Splitsko-dalmatinske županije

It is with great pleasure that we are once again hosting CRO Race, a top-quality cycling race that showcases Split-Dalmatia County as a destination of beautiful natural landscapes that is ideal for outdoor activities. We wish all the competitors and participants a pleasant stay in our county and a successful completion of the race.

Ivana Vladović
Director of the Tourist Board of the Split-Dalmatia County

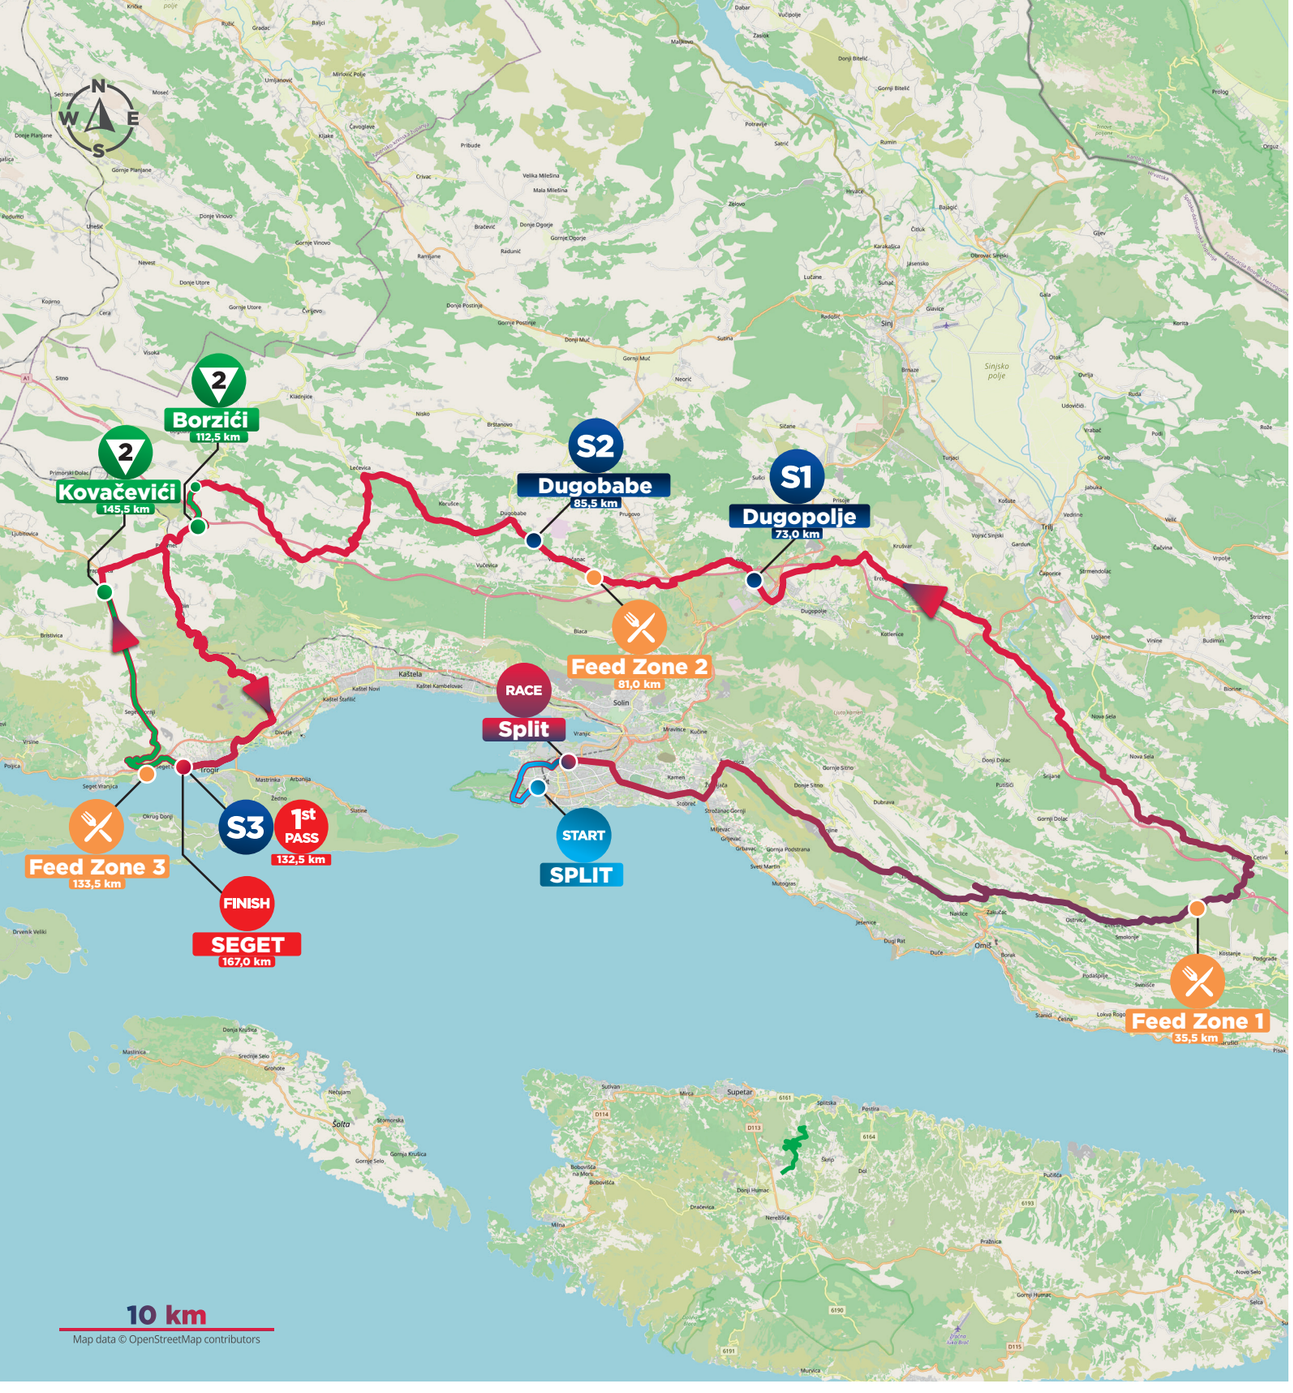

The identity of Split-Dalmatia County has been forged through a rich and layered historical legacy. Roman and medieval heritage sites, centuries-old fortresses and the world-renowned Diocletian's Palace – one of the best-preserved monuments of Roman architecture – stand as timeless witnesses to its past. Traditional customs and celebrated gastronomy reflect the influence of civilisations that have shaped this land, from the Romans and Venetians to Austria-Hungary and the Ottoman Empire. A living testament to this heritage is the Sinjska Alka, a unique knights' tournament held for more than 300 years and proudly inscribed on UNESCO's Representative List of the Intangible Cultural Heritage of Humanity.

Combined with a vibrant calendar of modern festivals, cultural events and entertainment, Split-Dalmatia County emerges as a premier year-round destination. Its extraordinary blend of natural beauty, history and tradition makes it not only one of the most attractive regions in Croatia, but also one of the most appealing destinations in Europe.ous Roman and medieval sites and fortresses, the most famous of which is Diocletian's Palace, one of the best-preserved monuments of Roman architecture.

Traditional customs and gastronomy represent a unique blend of diverse influences from the region's turbulent past—from Rome and Venice to the Austro-Hungarian Empire and the Ottoman Empire. Combined with a rich program of modern events, Split-Dalmatia County stands out as an attractive year-round tourist destination.

Krk

Grad Krk poznat je po svojoj povijesti i kulturi, a ujedno je i upravno, poslovno i kulturno središte otoka Krka. Krk se nalazi u prostranom zaljevu na jugozapadu otoka i jedno je od najstarijih urbanih naselja u Hrvatskoj, što dokazuju i brojni arheološki nalazi. Osim što očarava bogatom kulturno-povijesnom baštinom i očuvanim gradskim zidinama, trećim po veličini u Hrvatskoj, grad Krk oduševljava čistim plažama te lokalnom gastronomskom ponudom. Grad i okolica obiluju pješačkim i biciklističkim stazama što posjetiteljima nudi brojne mogućnosti za aktivan odmor.

*

The City of Krk, known for its history and culture, serves as the administrative, business, and cultural hub of the island of Krk. Situated in a spacious bay on the island's southwest coast, Krk is one of Croatia's oldest urban settlements, a fact attested to by numerous archaeological finds. Beyond captivating visitors with its rich cultural and historical heritage and its well-preserved city walls – the third-largest in Croatia – the city delights with pristine beaches and a superb local culinary scene. A network of walking and cycling trails crisscrossing the city and its surroundings offers countless opportunities for an active holiday.

Iznimna nam je čast što naš grad ponovno ugošćuje ovu prestižnu manifestaciju koja okuplja svjetsku biciklističku elitu i brojne pratitelje iz cijeloga svijeta.

Naš Krk ponosno pruža uistinu idealnu pozadinu za CRO Race utrku: stazu koja iz središta bogate kulturne baštine vijuga uz kristalno more, kroz drevne maslinike i povijesne suhozide, stazu koja nudi jedinstven spoj surove ljepote krša i vrhunskog sportskog uzbuđenja.

Uvjeren sam da će natjecatelji i posjetitelji ponijeti najljepše dojmove s našeg otoka, a biciklistima želim uspješnu i sretnu vožnju.

Labin

Labin, rudarski grad bogate kulturne baštine i stvaralaštva, ujedno je i popularna cikloturistička destinacija. Spoj starogradske jezgre na brežuljku i kristalno čistog mora u Rapcu čini Labin jedinstvenim mjestom za doživljaj Istre. Biciklizam ovdje nije samo sport već i način života koji povezuje povijest, prirodu i gostoljubivost naših ljudi.

Labin, a town of rich mining heritage and cultural creativity, is also a popular cycling destination. The blend of the old hilltop town and the crystal-clear sea in Rabac makes Labin a unique place to experience Istria. Here, cycling is more than a sport – it is a way of life that connects history, nature, and the hospitality of our people.

Svaki put kad CRO Race dolazi u Labin, mi slavimo! Susrećemo se s biciklističkom elitom, a najljepše vizure Labina i Rapca obilaze cijeli svijet. Dok natjecatelji voze, prolaze pokraj Parka skulptura Dubrova, rudarskog šohta i starog grada Labina s venecijanskom arhitekturom te imaju pogled na Kvarner koji oduzima dah. Labin je poznat po borbenom duhu, baš kao i vi – sportaši koji pomiču granice izdržljivosti. Neka vas labinska energija pogura prema cilju, jer ovdje se snaga ne mjeri samo mišićima, već i srcem. Vozite hrabro i ponosno. Sretno!

Donald Blašković
gradonačelnik Grada Labina

Every time CRO Race comes to Labin, we celebrate! We meet the cycling elite and the most beautiful views of Labin and Rabac are seen across the world. While the competitors are pedalling, they pass by Dubrova Sculpture Park, the steel mining headframe, the Old Town of Labin, with its Venetian architecture, and breathtaking views of Kvarner. Labin is known for its fighting spirit, just like you — athletes who push the limits of endurance. Let the energy of Labin drive you towards the finish line, because in Labin, strength is not only in the muscles but also in the heart. Ride bravely and proudly. Good luck!

Donald Blašković
Mayor of Labin

Istarska županija jedna je od najatraktivnijih europskih destinacija za aktivni odmor i sport. Raznoliki krajolici, kvalitetna infrastruktura, blaga klima i gostoljubivost domaćina čine Istru idealnim mjestom za vrhunska sportska natjecanja, ali i za uživanje u prirodi, kulturi i vrhunskoj gastronomiji.

*

Istria is one of Europe's most attractive destinations for active holidays and sports. Its diverse landscapes, high-quality infrastructure, mild Mediterranean climate and warm hospitality make Istria the perfect setting for top sporting events, while also offering outstanding opportunities to enjoy unspoilt nature, rich cultural heritage and world-class gastronomy.

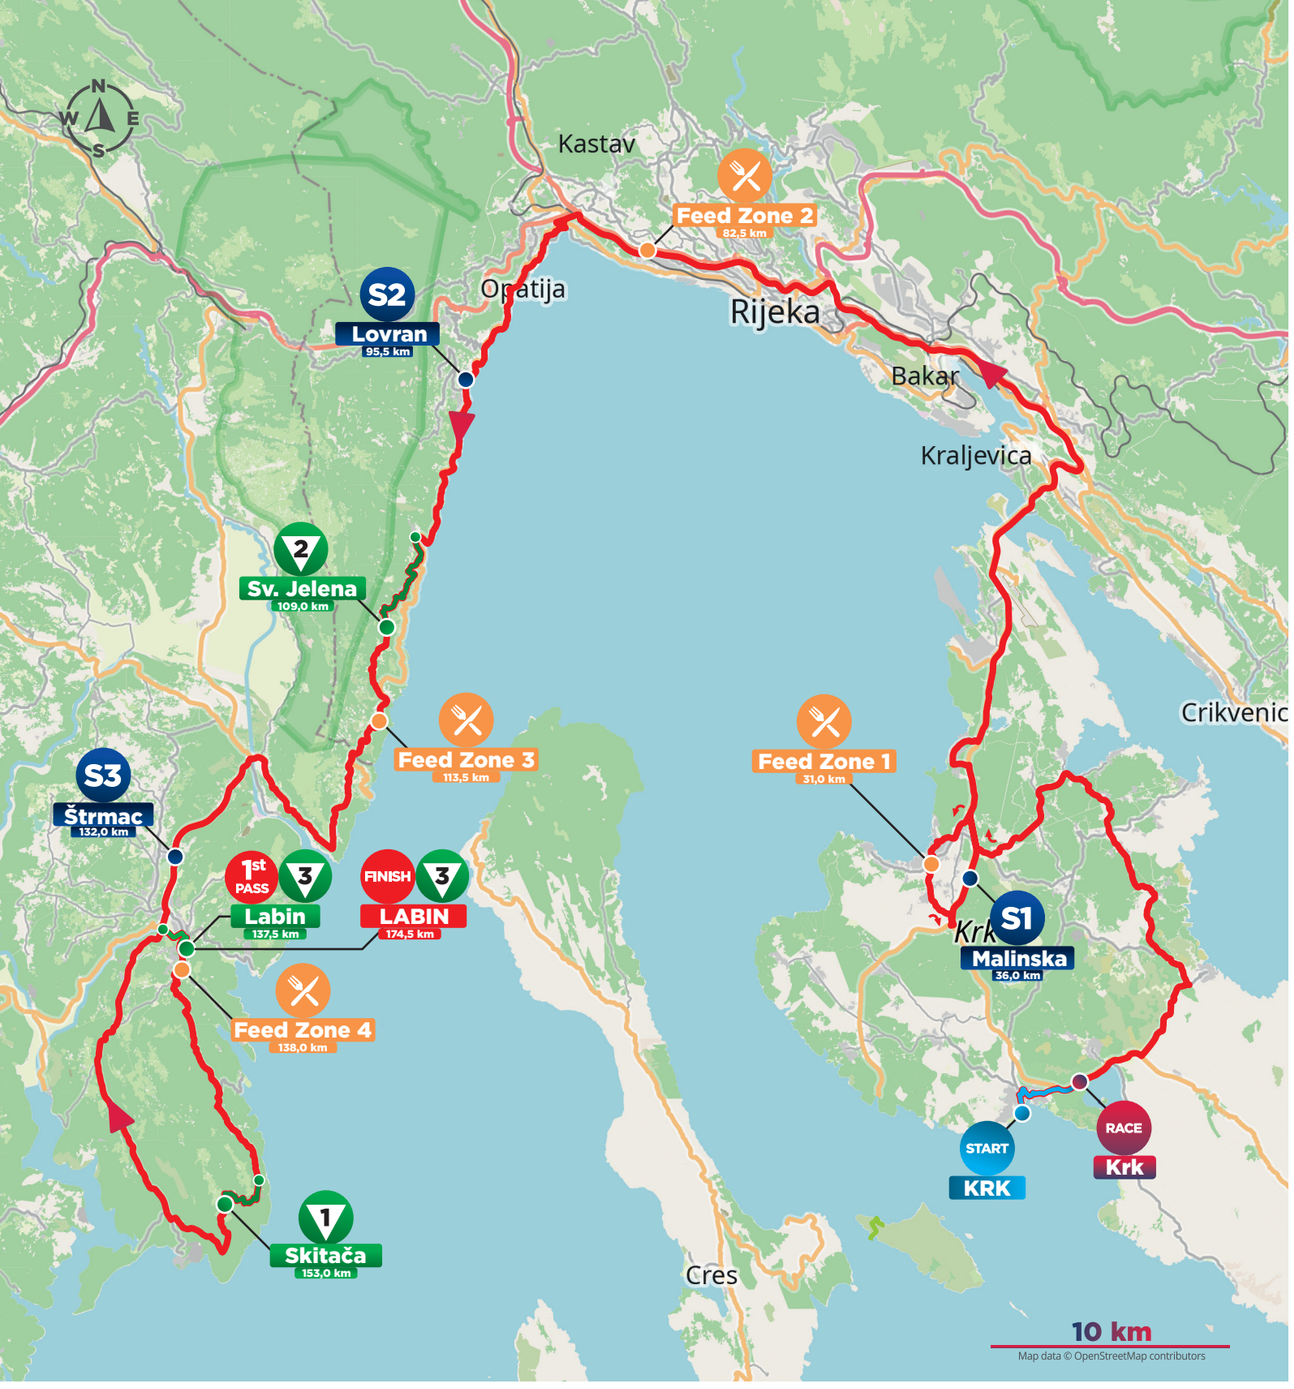

Utrka CRO Race izrasla je tijekom godina u jedan od najvažnijih promotivnih i sportskih projekata u Hrvatskoj. Posebno nas veseli što će i jedanaesto izdanje utrke proći Istrom te još jednom svijetu predstaviti ljepotu naše regije i Hrvatske. Vrhunski sport najbolji je ambasador destinacije, a ovakve manifestacije pridonose razvoju aktivnog turizma, jačanju međunarodne prepoznatljivosti i promociji vrijednosti koje zajednički stvaramo.

Boris Miletić
župan Istarske županije

Over the years, CRO Race has grown into one of Croatia's most important sporting and promotional events. We are delighted that the eleventh edition will once again pass through Istria, showcasing the beauty of our region and Croatia to audiences around the world. Top-level sport is one of the strongest ambassadors of a destination, and events like CRO Race play an important role in promoting active tourism, strengthening international recognition and highlighting the values we proudly share with our visitors.

Pula

Pula je jedna od najvažnijih antičkih urbanih cjelina u Europi. Njezin simbol, pulska Arena, jedan je od najbolje očuvanih rimskih amfiteatara koji zna spojiti prošlost i sadašnjost kroz koncerte svjetskih zvijezda, filmske festivale i borbe gladijatora. Jadransko more okružuje grad s tri strane, a tritisućljetna povijest isprepliće se s aktivnim suvremenim životom, vrhunskom gastronomijom, prirodnim ljepotama te sportskim i kulturnim manifestacijama svjetskog formata. Pula je destinacija koja se pamti.

Pula is one of the most significant ancient urban centres in Europe. Its symbol, the Pula Arena, is one of the best-preserved Roman amphitheatres, bringing together past and present through concerts by global stars, film festivals and gladiator battles. The Adriatic Sea surrounds the city on three sides, while three thousand years of history intertwine with vibrant contemporary life, exceptional gastronomy, natural beauty and world-class sporting and cultural events. Pula leaves a lasting impression.

Pula je istarski grad s tri tisuće godina dugom povijesti. Pulska Arena, jedan od najbolje očuvanih amfiteatara na svijetu, Augustov hram i Slavoluk Sergijevaca dokazi su bogate antičke baštine. Okružena morem i prožeta poviješću, Pula je poznato središte kulture, sporta i turizma. Biciklistička tradicija Pule započinje 1896. godine s prvim klubom, a pulski biciklisti nastupali su i na Olimpijskim igrama. Upravo se zato uklapa u trasu CRO Racea, utrke koja spaja sport i ljepote krajeva kojima prolazi.

Peđa Grbin
gradonačelnik Grada Pule

Pula is an Istrian city with three thousand years of history. The Pula Arena, one of the world's best-preserved amphitheatres, the Temple of Augustus and the Arch of the Sergii bear witness to its rich ancient heritage. Surrounded by the sea and steeped in history, Pula is a well-known centre of culture, sport and tourism. The city's cycling tradition dates back to 1896, with the founding of its first club, and Pula's cyclists have also competed at the Olympic Games. It is precisely for this reason that Pula fits into the route of the CRO Race, a race that unites sport with the beauty of the areas it passes through.

Mayor of Pula

As the third-largest city in Croatia and one of its most important ports, Rijeka connects the Mediterranean with Central Europe and exudes a unique energy and dynamic spirit. Its favourable geostrategic position makes it a key transport, economic, and cultural hub of the region. Utrka CRO Race povezuje vrhunski biciklizam, turizam i promociju naših krajeva. Primorsko-goranska županija ponosno podupire utrku jer na taj način možemo pokazati ljepotu, energiju i raznolikost Kvarnera. Posebno me veseli što će kadrovi naše Županije ponovno otići u svijet i predstaviti nas kao regiju sporta, gostoljubivosti, aktivnog života i kvalitetnih sadržaja, spremnu za velike međunarodne manifestacije i nove sportske izazove koji dodatno jačaju prepoznatljivost Kvarnera.

Ivica Lukanović
župan Primorsko-goranske županije

Primorsko-goranska županija spaja more, otoke, priobalje i Gorski kotar u prostor iznimne prirodne, kulturne i turističke raznolikosti.

Kao Europska regija sporta 2026., uz Kvarner kao Europsku regiju gastronomije 2026., Županija potvrđuje razvoj temeljen na kvaliteti, aktivnom životu i autentičnosti.

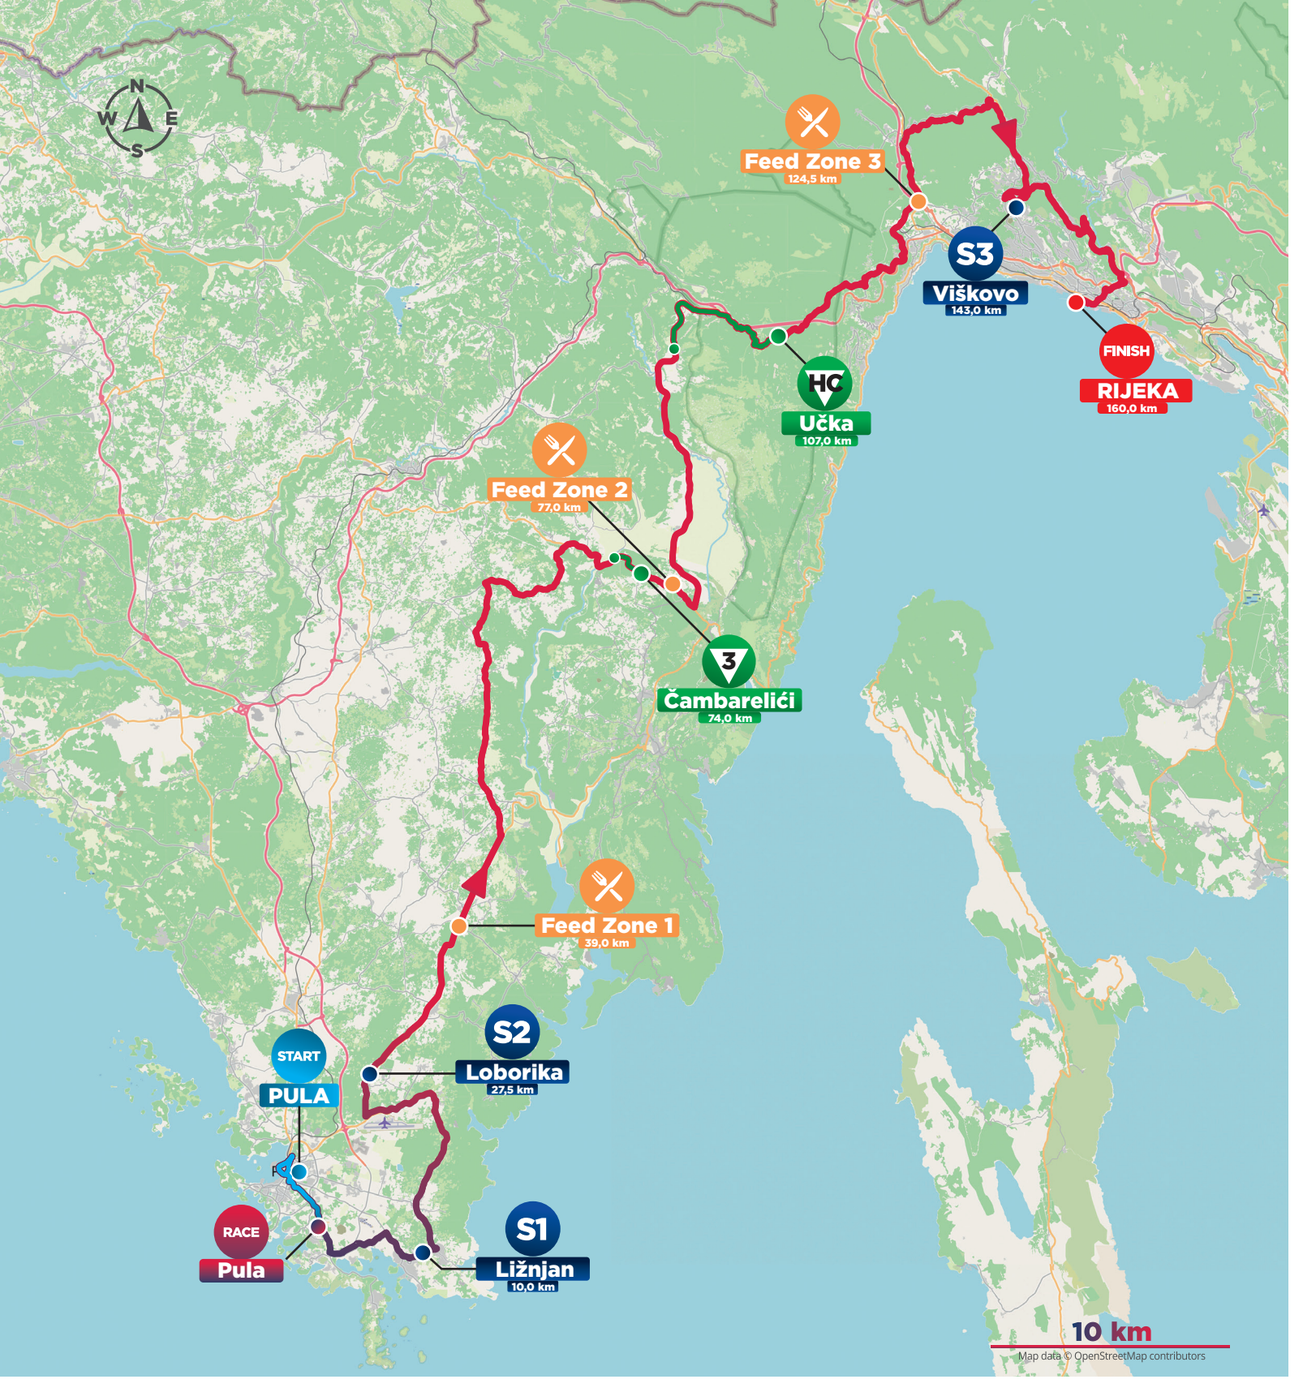

Od obalnih gradova do zelenih planina, njezina raznolikost čini je idealnom pozornicom za biciklističku utrku CRO Race i promociju Hrvatske kao zemlje sporta, doživljaja i konkurentskih sadržaja na međunarodnoj razini.

CRO Race combines top-level cycling, tourism and the promotion of our region. Primorje-Gorski Kotar County is a proud supporter of the race because it allows us to show the beauty, energy and diversity of Kvarner. I am especially pleased that images of our county will once again reach the world, presenting us to an international audience as a region of sport, hospitality, active living and high-quality attractions and experiences, ready for major events and new sporting challenges that further strengthen Kvarner's visibility.

Ivica Lukanović

Primorje-Gorski Kotar County brings together the sea, islands, coastal areas and the mountainous Gorski Kotar into an area of exceptional natural, cultural and tourism diversity. As the European Region of Sport 2026, and with Kvarner as the European Region of Gastronomy 2026, the County has reaffirmed its commitment to development based on quality, active living and authenticity. From coastal towns to green mountains, the diversity of the County makes it the ideal stage for CRO Race and for promoting Croatia as a country of sport, unforgettable experiences and world-class events on the international stage.

Dobrodošli u Karlovačku županiju, oazu mira, zdravlja i prirodnih ljepota. Bogatstvo županije istražite bicikliranjem uz naše četiri rijeke s panoramskim pogledom na brežuljke i šume.

CRO Race nije samo sportski događaj, već i prilika da upoznate našu povijest, kulturu, ljude i prirodu.

Karlovačka županija je, nakon Grada Zagreba, najposjećenija kontinentalna županija, i to ne slučajno. Tijekom cijele godine, organiziramo raznolike manifestacije, pozicioniramo se kao vodeća destinacija aktivnog turizma, unapređujemo ponudu na svakom koraku.

Svim sudionicima utrke CRO Race želim puno uspjeha. Ponesite iz Karlovačke županije uspomene na nezaboravne doživljaje i iskustva. I vratite se.

Martina Furdek Hajdin

Welcome to Karlovac County, an oasis of peace, wellbeing, and natural beauty. Explore the wealth of the county by cycling along our four rivers, with panoramic views of hills and forests.

The CRO Race is not just a sporting event, but also an opportunity to get to know our history, culture, people, and nature.

Karlovac County is, after the City of Zagreb, the most visited continental county – and with good reason. Throughout the year we organise various events, positioning ourselves as a leading destination for active tourism, continuously enhancing our offer.

I wish all CRO Race participants a lot of success. Take with you memories of unforgettable experiences from Karlovac County – and do come back again.

Martina Furdek Hajdin
Prefect of Karlovac County

Dragi biciklisti, dobro došli u Zagrebačku županiju! Biti domaćinom cilja 5. etape i starta 6. etape utrke CRO Race čast je i povlastica jer će razglednica naših prirodnih ljepota i kulturnih znamenitosti preko malih ekrana otići diljem svijeta. Uvjeren sam da će to biti dovoljan poticaj vama biciklistima i gledateljima da svoje slobodno vrijeme posvetite pomnijem istraživanju Zagrebačke županije na više od 1300 kilometara biciklističkih staza otkrivajući gastronomske i prirodne čari „zelenog zagrebačkog prstena"

Stjepan Kožić
župan Zagrebačke županije

Dear cyclists, welcome to Zagreb County! Hosting the finish of the 5th stage and the start of the 6th stage of the CRO Race is an honour and a privilege, as images of our natural beauty and cultural landmarks will be broadcast on television screens around the world. I am convinced that this will be incentive enough for you – cyclists and spectators alike – to devote your free time to a closer exploration of Zagreb County, discovering the gastronomic and natural charms of the "Green Ring of Zagreb" along more than 1,300 kilometres of cycling trails.

Stjepan Kožić
Prefect of Zagreb County

Zagreb

Grad Zagreb je kulturno, znanstveno, gospodarsko i političko središte u kojem živi četvrtina ukupnog stanovništva Hrvatske. Na sjeveru je omeđen planinom Medvednicom na kojoj obitavaju mnoge biljne i životinjske vrste i koja predstavlja pluća grada. Južnije, obale rijeke Save nude mnoge mogućnosti za rekreaciju poput Parka Bundek te Rekreacijsko-sportskog centra Jarun. Zagreb je drugi najzeleniji glavni grad u Europi, dobitnik Oznake misije EU za klimatski neutralan i pametan grad.

*

The City of Zagreb is the cultural, scientific, economic and political centre of the country and home to one quarter of Croatia's total population. To the north, it is bordered by Mount Medvednica, home to various plant and animal species and which serves as the city's "lungs." Further south, the banks of the Sava River offer numerous recreational opportunities, including Bundek Park and the Jarun Sports and Recreation Centre, both popular areas for leisure and outdoor activities. Zagreb is the second greenest capital city in Europe, winner of the EU Mission Label for Climate-Neutral and Smart Cities.

Velika mi je čast i zadovoljstvo pozdraviti sudionike prestižne međunarodne biciklističke utrke – CRO Race. Drago mi je da CRO Race godinama stoji uz bok najvećim svjetskim biciklističkim utrkama i stoga nam je iznimna čast što smo i ove godine domaćini ovako važnog sportskog događanja koje okuplja vrhunske bicikliste iz cijeloga svijeta. CRO Race je događanje koje promiče zdrav način života, ali i naš Grad kao sportsku, turističku i kulturnu destinaciju koja je sve prepoznatljivija i privlačnija turistima i organizatorima velikih događanja.

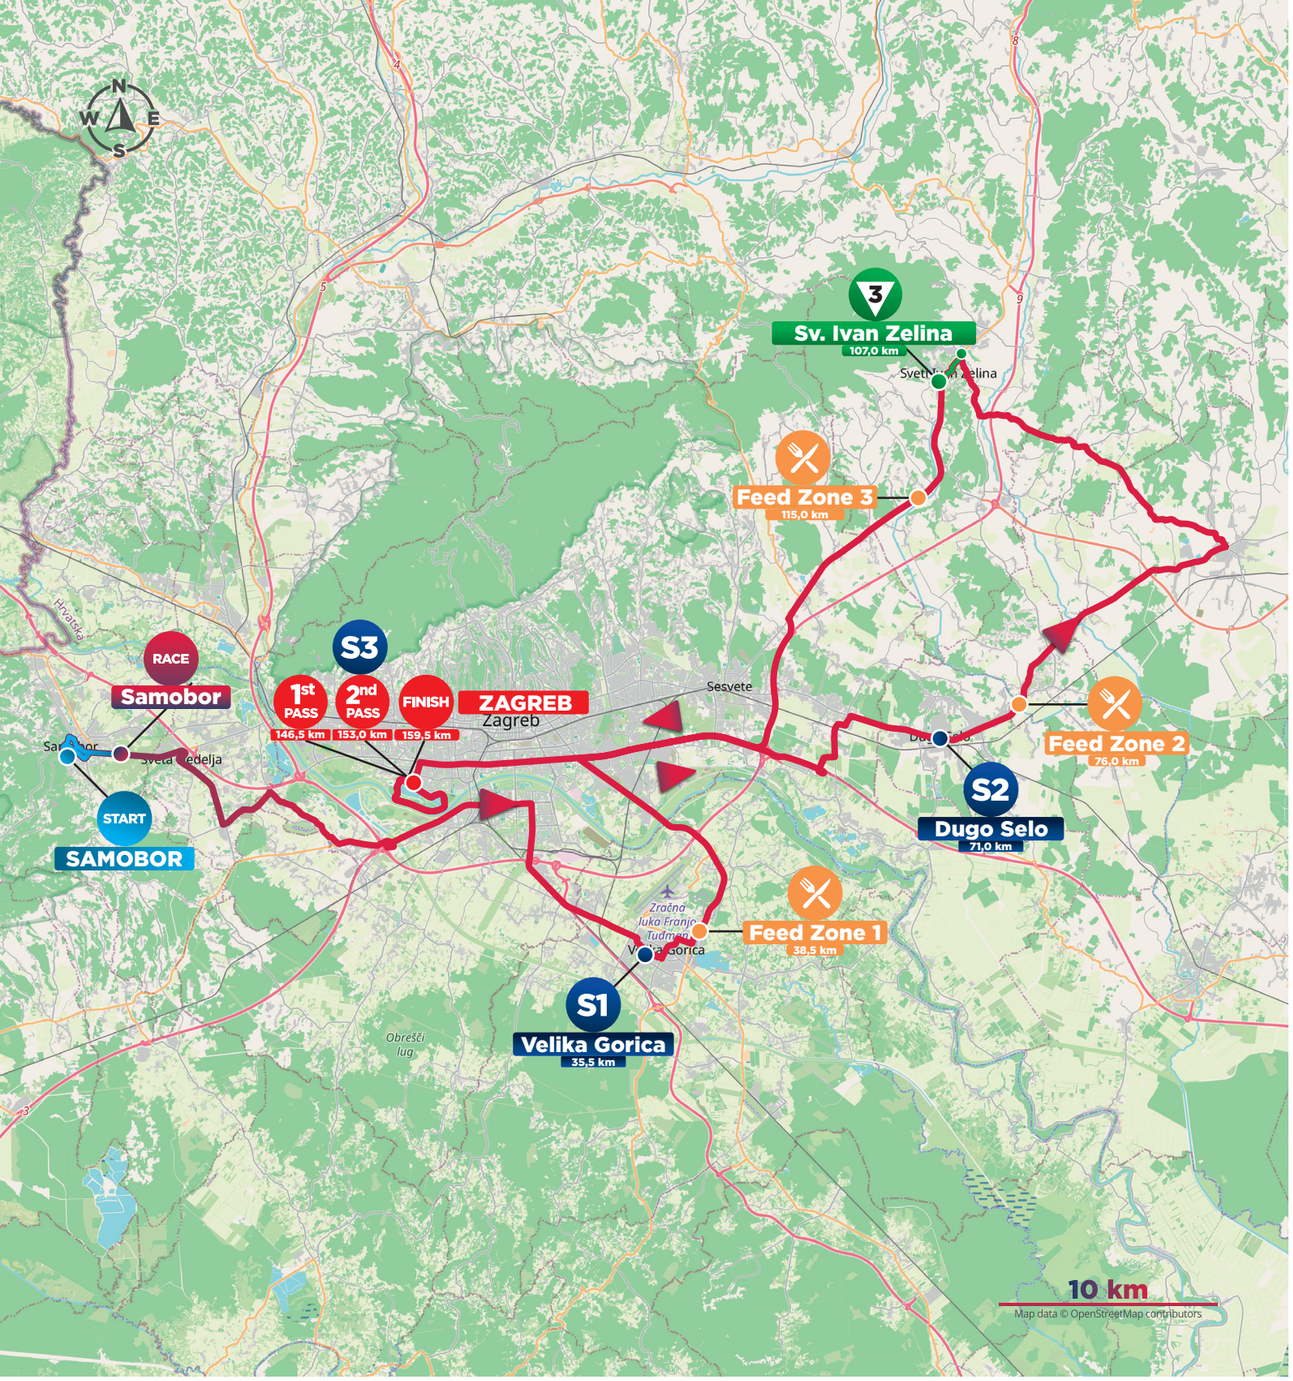

Građane pozivam da i ove godine podrže natjecatelje kojima želim mnogo sreće i dobre vremenske uvjete.

Tomislav Tomašević
gradonačelnik Grada Zagreba

It is a great honour and pleasure to welcome the participants of the prestigious international cycling race – the CRO Race. I am delighted that the CRO Race has, over the years, taken its place alongside the world's greatest cycling races, and it is therefore a particular privilege for us to host once again such an important sporting event that brings together top cyclists from across the globe. The CRO Race not only promotes a healthy lifestyle but also showcases our city as a sporting, tourist and cultural destination – one that is becoming ever more recognisable and attractive, both to visitors and to the organisers of major events. I invite our citizens to support the competitors again this year, and I wish the cyclists good luck and favourable weather conditions.

Tomislav Tomašević
